One of the world's most coveted titles in polo, the Maserati U.S. Open Polo Championship finals are being played this week at the International Polo Club Palm Beach. It is also the third jewel of U.S. polo's 26-goal Triple Crown that also includes the USPA C.V. Whitney Cup and the Piaget Gold Cup. Valiente has dominated the field this year, winning the first two legs of the 2014 Triple Crown at the International Polo Club (IPC) in February and March. Wednesday's semifinal matches will determine if Valiente advances to the final match on Sunday for a chance to sweep the U.S. Triple Crown, cementing their place in polo history worldwide.

As the title sponsor of the U.S. Open Polo Championship, Maserati has selected the International Polo Club as the first polo club on their exclusive, international "Maserati Centennial Polo Tour" in celebration of their 2014 centennial year. Maserati had identified four of the most prestigious polo clubs in the world, and following the final match on April 20, the tour heads to China, England, and the United Arab Emirates.
